Relax. Relieve. Refresh.[®]

100% pure essential oils

Improve Quality of Life

*“My mother has suffered from Alzheimer's / Dementia for 10 years and has extreme anxiety and anger because of the disease and her fear. **After two days of Elequil aromatabs[®] I felt like I had a piece of my mom back.** She was calmer and we had a conversation that was personal and made sense. I can't tell you how grateful I am to have found that this has helped us.”*

~ M. Merriman, Eugene, Oregon

*“We used Elequil aromatabs[®] for when **relaxation or comfort for palliative care** was needed—the lavender scent was VERY helpful. Other times for when a resident displayed a bit of anxiety for one reason or another—the orange-peppermint was absolutely perfect! ”*

~ Director of Therapeutic Recreation & Volunteer Services,
CT. Baptist Homes, Meriden, CT

*“Our facility has been using the lavender-sandalwood and **have seen an improvement in relaxation patterns** of many of the residents.”*

~ Palliative Care/Pain Resource Nurse RN, CMSRN,
Mercy Living Center, Clinton, IA

Help to Relax

*“We have a resident that wasn't sleeping. He will not sleep for two nights, and then on the third day, he collapses from exhaustion and sleeps 8 hours. With Elequil aromatabs[®], **he is relaxed and sleeps much better** than before at a steady 6 hours a night.”*

~ Director, Long Term Care Center, Fairfield County, CT
